

RYAN & JENNY SAMAIR

Description of Ministry

Ryan and Jenny Dawson are serving with Samair located in Pucallpa Peru. Ryan serves as a pilot and mechanic with Samair. Samair Peru partners with local churches and national missionaries as well as over 10 other organizations to reach the isolated people groups of Peru through Aviation. The airplane is able to save the missionaries critical time by getting them to their places of service faster. We have calculated that about every 7 minutes in an airplane is equal to hard days walk in the jungle. Praise the Lord were able to use Aviation to help further the spread of the gospel.
