

SCOTT & MANI BRIDGE STEPS

Description of Ministry

We serve with Bridge Steps, a missions movement dedicated to boldly sharing the Gospel and helping people step into God's plan for their lives. Our ministry focuses on evangelistic outreaches, discipleship initiatives, and mobilizing believers for both short-term and long-term missions. In 2025, we are organizing Reach Cancun and Reach Mallorca, where teams will engage in street evangelism and relational outreach in party zones. Additionally, we support our team in Spain, who serve refugees through language classes—creating opportunities for Gospel-centered conversations. We also partner with churches to create impactful missions experiences, equipping believers to actively live out their faith and reach those who have yet to know Jesus.
